Information Report 2017

Mission Statement

The mission of Memphis Theological Seminary is to educate and sustain men and women for ordained and lay Christian Ministry in the Church and the World through shaping and inspiring lives devoted to scholarship, piety and justice.

Annual Crime Awareness and Campus Security Report

In fulfillment of the U. S. Department of Education's regulations under the Jeanne Clery Disclosure of Campus Security Policy & Campus Crime Statistics relating to the Student Right-to-Know and Campus Security Act (Public Law 101-542, amended by Public Law 102-26), [formerly the Campus Security Act].

Memphis Theological Seminary provides its students, faculty and staff with the following information. Each year the U.S. Department of Education collects crime statistics and publishes data for colleges and universities at its web site: <http://ope.ed.gov/security/Search.asp>.

This policy sets forth the provisions of compliance of this act in order to provide necessary information about college crime. Reportable crimes included in this act are murder, non-negligent manslaughter, negligent manslaughter, forcible/non-forcible sex offences, robbery, aggravated assault, burglary, motor vehicle theft and arson.

The Administration is concerned with the well being and safety of all students and will strictly enforce regulations necessary for the protection of all. All incidences of unlawful acts should be reported to the Director of Facilities and Safety.

The Public Safety Office, with the assistance from other departments within MTS, prepares the annual report in compliance with federal and state law. Statistics are compiled from reports made directly to the Public Safety Office or other Campus Safety Authorities. Information regarding campus disciplinary referrals is obtained from Student Affairs, Information about crimes occurring at off-campus property owned, leased, or controlled by Memphis Theological Seminary is solicited from the respective agencies. Data received from these sources is compiled with and included in the annual disclosure of crime statistics.

Policy Statement: Disclosure of Crime Statistics

The Safety Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located at [https:// surveys.ope.ed.gov/security](https://surveys.ope.ed.gov/security). The Crime Statistic for the last three calendar years is also available at www.MemphisSeminary.edu . This report is prepared in cooperation with local law enforcement agencies surrounding our main campus and alternate sites.

Crime Statistics information is compiled using a daily reporting system for the MTS Campus and public information resources from the Memphis Police Department, Shelby County Sheriffs Office and the Tennessee Bureau of Investigations for crime in the campuses Clery geographic area.

These statistics may also include crimes that have occurred in private residences or businesses and is not required by law. Tennessee Penal Code requires prompt, mandatory reporting to the local law enforcement agency by when medical services are provided to a person they know or reasonably suspect is suffering from a wound inflicted by a firearm or is a result of assault or abusive conduct.

It is the responsibility of the Director of Student Services and/or the Director of Facilities and Safety to inform students of the procedure to report crime to the Memphis Police Department on a voluntary or confidential basis, should they feel it is in the best interest of the student. A procedure is in place to anonymously capture crime statistics disclosed confidentially.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provide the web site to access the report. Copies of the report may also be obtained in the Office of the Director of Facilities and Safety located at 2385 Union Avenue or by calling 901.334.5834.

Prospective employees may obtain a copy from the Human Resources office located in Founder's Hall outside the Presidents Office or by calling 901.334.5809. The web site address will be attached to the Memphis Theological Seminary employment application.

CRIME STATISTICS

As reported to the Tennessee Bureau of Investigation's Crime On Campus Report published pursuant to the enactment of the "College and University Security Information Act of 1989" (Public Chapter No. 317) and to the Department of Education.

Policy Statement: Voluntary Confidential Reporting. Pastoral Privilege

Revised: 3/27/2017

Crimes reported to a pastoral or professional counselor are not required to be reported by an institution under the Clery Act; however, institutions are strongly encouraged to establish voluntary, confidential reporting processes so that incidents of crime that are reported exclusively to professional and pastoral counselors will be included in the annual crime statistics. 34 C.F.R. §668.46(b) (2) (iii).

If you are a victim of a crime and do not want to pursue action within MTS System or the criminal justice system, you may still want to consider making a confidential report to the Pastoral Counselors. Pastoral Counselors are allowed and encouraged to report information to the Director of Facilities and Safety for Statistical Data only; not releasing the reporting individual's identity and maintain the spirit of Pastoral privilege. Pastoral Counselors would be CSA authorities in Student Services and the Chaplain.

With your permission, Pastoral Counselors or a designee of Memphis Theological Seminary can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of others and yourself.

With such information, MTS can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

The Facilities and Safety Office at Memphis Theological Seminary encourages anyone who is a victim or witness to any crime to promptly report the incident to the Memphis Police Department. Police reports are public records under TN state law and the Memphis Police Department cannot hold reports of crime in confidence.

Confidential reports of crime can be directed to the Memphis Police Department by calling 901.528.CASH (2274).

Drug and Alcohol Free Workplace

This policy has been developed to provide a comprehensive overview of the health risks and legal implications related to alcohol and other drug use and to serve as a reference for on- and off- campus resources that are available to students, faculty and staff at Memphis Theological Seminary.

In keeping with its primary purpose, Memphis Theological Seminary will utilize educational strategies as its major approach to its problem of alcohol and other drug use.

It is important, however, that everyone be aware that any member of the MTS community who uses illegal drugs or abuses any drug including alcohol may be subject to prosecution and punishment by the civil authorities and to disciplinary proceedings by MTS.

Memphis Theological Seminary's interest in punishing offenders is not punitive, but rather to establish clear limits of conduct for all members of the campus community.

It is the policy of this institution that the unlawful manufacture, distribution, acquisition, possession, or use of alcohol and illegal drugs on the Memphis Theological Seminary campus, on property owned or controlled by Memphis Theological Seminary, or as part of any activity of Memphis Theological Seminary is strictly prohibited.

Memphis Theological Seminary is dedicated to the pursuit and dissemination of knowledge and, as such, expects all members of the academic community to behave in a manner conducive to that end. The highest standards of personal and professional conduct must be maintained by faculty, staff and students.

Illegal or abusive use of alcohol and other drugs by members of MTS community adversely affects the mission of MTS and is prohibited.

Accordingly, Memphis Theological Seminary adopts the following policy, consistent with federal, state and local laws. The policy is intended to accomplish the following:

A person whose conduct is outside these parameters will be subject to the judicial rules and procedures of MTS.

It is not "double jeopardy" for both the civil authorities and MTS to proceed against and punish a person for the same specified conduct. MTS will initiate its own disciplinary proceeding against a student or employee when the alleged conduct is deemed to affect the interests of MTS.

Sanctions will be imposed by MTS in accordance with this policy, Staff Handbook, Faculty Handbook, Student Code of Conduct and other appropriate Seminary policies.

Policy Statement Addressing Disclosures to Alleged Victims of Crimes of Violence or Non-forcible Sex Offenses

Memphis Theological Seminary will, upon written request, will disclose to the alleged victim of a crime of violence, as defined in Section 16 of Title 18 United States Code or a non-forcible sex offense, the results of any disciplinary hearing conducted by MTS against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Memphis Theological Seminary will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Policy Statement Addressing Preventing and Responding to Sex Offenses

If a sexual assault or rape should occur, staff on the scene, including Memphis Theological Seminary safety representatives, will offer the victim a wide variety of services. The Memphis Police Department has a Sexual Assault Crisis Consultation Team that has trained members who are available to assist a victim 24 hours a day. This publication contains information about on-campus and off campus resources. That information is made available to provide Memphis Theological Seminary community members with specific information about the resources that are available in the event that they become the victim of a crime. The information about "resources" is not provided to infer that those resources are "reporting entities" for MTS. MTS will assist the student in notifying these authorities, if the student requests the assistance of MTS personnel.

Crimes should be reported to the Memphis Police Department and the Director of Facilities and Safety to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. For example, a crime that was reported only to the Memphis Police Department would not be included in the MTS crime statistics.

Seminary disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are detailed in the Student Handbook. The Handbook provides for established and formal proceedings. Only a written, signed complaint to the President of MTS can initiate formal procedures against an individual accused of sexual misconduct/harassment. People who are in authority who receive reports of misconduct of harassment must respond promptly and fairly and comply with the laws of the State of Tennessee. MTS will respect the right of confidentiality of all. Prompt and fair response will be given to all in matters regarding sexual misconduct. Appeals must be made to the Board of Trustees of Memphis Theological Seminary.

MTS will change a victim's academic and living situations after an alleged sex offense and the options for those changes if those changes are requested by the victim and are reasonably available.

The accuser and the accused are entitled to the same opportunity to have others present during disciplinary proceedings.

Both the accuser and the accused will be informed of the outcome of any MTS disciplinary proceeding that is brought alleging a sex offense. MTS may impose sanctions following a final determination of an institutional disciplinary proceeding regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses up to and including expulsion.

Sexual Misconduct Policy and Procedures

Purpose

Memphis Theological Seminary is revising its conduct codes to be in compliance with the new requirements of Title IX of the Education Amendment of 1972 that prohibits discrimination on the basis of sex in federally funded education programs and activities.

The new amendments are the Campus SAVE Act and the Violence Against Women Act, both addresses sexual misconduct.

Memphis Theological encourages members of the Seminary's campus community who experience any form of sexual misconduct discussed in this policy to contact one of the persons/offices listed. The act can be reported whether on or off campus. These persons/offices may be able to provide assistance/resources to help the student recover from the experience, and in deciding what course of action/options that are available: the student conduct process, the criminal justice system.

In compliance with the Title IX, Memphis Theological Seminary provides a procedure (described below) for reporting, investigating, and adjudicating sexual misconduct committed by students. Students experiencing sexual misconduct committed by a Seminary employee or third party should contact the Academic Dean of students or the Seminary's Title IX Coordinator for information about the correct complaint procedures. Although the Seminary encourages students to use Seminary procedures, students may also file a Title IX complaint with the office of Civil Right, Department of Education.

Anonymity and Confidentiality: Students Who Do Not Want To Take Formal Action Or Pursue Conduct Charges.

Students who are not sure whether they want to make a complaint should still seek help from the resources listed below. Contacting the Academic Dean of Students or another campus resource does not mean that the student must file an official report the Seminary or report the assault to enforcement.

Sexual Misconduct Policy and Procedures: continued

These resources are provided to offer non-judgmental support and information to help the student decide what is best for her or him as she or he recovers.

The Seminary makes every effort to protect student's privacy and confidentiality. Information reported will be shared only on a need to know basis, and after consultation with the reporting student. The Seminary also takes steps to protect students against further misconduct, including retaliation, as described below. If a student informs a campus resource of an incident of sexual violence or other form of sexual harassment. The Seminary may need to investigate and take appropriate action to fulfill its Title IX obligation to provide a non-discriminatory, even if the student wishes to remain anonymous or not to pursue a conduct charge.

Amnesty from Student Discipline for the Reporting Party

Overview and Purpose of Sexual Misconduct Policy

Memphis Theological expect all of its students to treat one another with respect, dignity and fairness. In an intimate relationship, these values are of paramount importance. Sexual misconduct, as defined by this policy, includes a broad range of behavior such as inappropriate physical touching, sexual exploitation, and sexual intercourse without the consent and other forms of sexual violence. Sexual misconduct may be a crime. Memphis Theological Seminary is committed to maintaining an environment that is free from sexual violence and in which the freedom to make individual choices regarding sexual behavior is respected by all. Sexual intimacy requires effective consent. Sexual misconduct by anyone is unacceptable and will be addressed in a timely fashion and with serious consequences by the University. This policy and procedure are MTS's grievance procedure required by Title IX. This policy and procedure are designed to provide students charged with sexual misconduct with due process while ensuring a reporting student's protections under Title IX and providing prompt and equitable resolution of charges.

A. Violations

Sexual Misconduct is a Category of behavior that includes actual or attempted:

- Sexual harassment
- Non-consensual sexual contact
- Non-consensual intercourse, and
- Sexual exploitation

Sexual Misconduct can occur between strangers, including people involved in an intimate or sexual relationship. Sexual misconduct can be committed by males or females, and it can occur between the same or different sex. Sexual violence is also sexual misconduct.

Sexual Harassment is defined by the Seminary policy as Unwelcome Conduct, including sexual violence, when

- Submission to such conduct is made or threatened to be made a term of or condition of employment, education, or participation in a University activity, such as admission to a class or program/ or
- Submission to or rejection of such conduct is used or threatened to be used as a factor in a decision affecting employment, education, or participation in a University activity, such as a student's grade.

Another form of sexual harassment is unwelcome conduct based on sex or gender that unreasonably interferes with a student's academic (or work) performance or living conditions, or creates an intimidating, hostile, or offensive environment based on sex that is not sexual in nature. Each situation is considered in context to determine if sexual harassment has occurred. Conduct must be severe or persuasive in order to create a hostile environment; conduct may be inappropriate, offense or hurtful yet not be sexual harassment.

Sexual Misconduct: continued

Non-Consensual Sexual Contact is either of the following without effective consent:

- Deliberately touching a person's intimate parts, or
- Using force or threat of force to cause a person to touch his or her own or another person's intimate parts.

Non-Consensual Sexual Intercourse is the penetration by penis, tongue, or an inanimate object without effective consent.

Sexual Exploitation is taking sexual advantage of another person without effective consent and includes, without limitation, causing the incapacitation of another person for a sexual purpose; causing the prostitution of another person; electronically recording, photographing, or transmitting intimate or sexual utterances, sounds or images of another person; allowing third parties to observe sexual acts; engaging in voyeurism; distributing intimate or sexual information about another person; and /or knowingly transmitting a sexually transmitted infection, including HIV, to another person.

Effective Consent and Incapacitation

Effective Consent for Sexual Activity

Students choosing to engage in any form of sexual activity- from touching or kissing to intercourse- must obtain consent from their partner(s) prior to engaging in such activity.

Consent for sexual activity can only be obtained in situations where all people involved have equal power in deciding what will and will not happen during an encounter. Getting consent is an active process that involves clearly communication intentions and desires. Consent for sexual activity is based on the mutual understanding and respect of all people involved for the desires and wishes of their partner(s). Consent is informed, with all people involved having the information relevant to the sexual activity in question.

Consent:

- Is mutually understandable when a reasonable person would consider the words or action of the parties to have manifested an understandable agreement between them to do the same thing, in the same way, at the same time and with one another.
- Is merely the absence of a verbal "no".
- Is never final or irrevocable.
- Is time-limited and situation-specific; even if someone obtained consent from a partner(s) in the past, this does not mean that consent is automatically granted again.
- Can only be given by someone who is free from verbal or physical pressure, coercion, intimidation, threat or force.
- Can only be given by someone in an unimpaired state of mind who is able to understand what is happening; consent is not valid if the party from whom the consent is sought is impaired by the use of alcohol or drugs, if the party is asleep, passed out or unconscious.

Note: The use of drugs or alcohol is not an excuse for failing to obtain consent for sexual activity.

Incapacitation

One who is incapacitated cannot provide effective consent. Incapacitation is the physical and/or mental inability to make informed, rational judgments. State of incapacitation include, without limitation, sleep and blackouts.

Where alcohol or drugs are involved, incapacitation is a state beyond drunkenness or intoxication, and is defined with respect to how the alcohol consumed impacts a person's decision-making capacity, awareness of consequences, and ability to make fully informed judgments.

Campus Sex Crimes Prevention Act

The Campus Sex Crimes Prevention Act (section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000, which provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus.

The Act amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act to require sex offender already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. It also mandates that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and it is entered into appropriate state records or data systems.

A listing of all registered sex offender in Tennessee State is maintained by the Tennessee Bureau of Investigation. This Information is available online at http://www.tbi.state.tn.us/sex_ofender_reg.shtml.

Workplace Violence

The Department of Safety and Security investigates all reports of crimes. In serious cases, referrals are made to the Memphis Police Department.

Campus Sexual Violence Elimination Act (Campus SAVE)

Campus SAVE was signed into law in March 2013 as part of the Reauthorization of the Violence Against Woman Act. It amends the Clery Act to include domestic violence, dating violence, and stalking statistics to be collected and disclosed. It also requires higher education institutions to hold educational programs to promote awareness of domestic violence, dating violence, sexual assault, and stalking. This requires institutions of Higher Education to develop and distribute the procedures we will follow when an incident of domestic violence, dating violence, and sexual assault or stalking are reported.

Note: Memphis Theological Seminary provides additional and reinforced policies in keeping with the Violence Against Women Act.

Whenever there is a conflict between this and the Violence Against Women Policy then the higher standard shall prevail.

The Facilities and Safety Department performs monthly Health and Safety Inspections within the commuter housing. Inspections will be unannounced. The inspections are designed to find and eliminate safety violations. Students are required to read and comply with Student Housing Guidelines which include rules and regulations for residential usage. The inspections include but are not limited to, a visual examination of electrical cords, testing of smoke detectors, fire extinguishers and other life safety systems.

In addition each room will be inspected for the presence of prohibited items (e.g. sources for open flames, such as candles, non surge protected extension cords, halogen lamps, portable cooking appliances in non kitchen areas) or prohibited activity (e.g. smoking in the room, tampering with life safety equipment, possession of pets etc.). This inspection will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking devise or confiscated and donated/discarded if found without reimbursement.

Procedures for Student Housing Evacuation In Case of a Fire/ Fire Drill:

In the event a fire occurs within student housing MTS expects that all community members will evacuate by the nearest exit, closing doors as they leave. Once you are safely out of the building it is appropriate to dial 911 and the Director of Safety at 901.334.5834 or 901.262.1111. Students and staff are informed where to relocate at the time of the alarm. The policy of Memphis Theological Seminary is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppressions activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke and to activate the alarm as they exit if available. At no time should the closing of doors or the activation of the alarm delay the exit from the building.
